

Hannah's Closet

Our Hannah's Closet program provides our patients/clients with necessities for their babies and toddlers. The program is open to any and all clients/applicants who qualify under our Policies and Procedures.

The program includes an educational component called Earn While You Learn (EWYL). It also includes our boutique (Hannah's Closet).

Items in Hannah's Closet are purchased by participants with Baby Bucks earned by taking prenatal, postpartum and parenting classes at our clinic or working from home with approved educational resources.

- *AMC* is a non-profit organization. The items being distributed here are donated and therefore, not all items are available at all times.
- Items in Hannah's Closet consist of: children's clothes (newborn to size 5), diapers, various layette items and **new** car seats. The clothes items in this program are donated to us.

Emergency Items

Alternatives Medical Clinic also provides **emergency items** to our clients when needs are stated. These items may be given for a total of three (3) times in any calendar year without Baby Bucks required to pay for these items. Emergency items consist of formula, diapers, baby food and sometimes clothing items.

Enrollment

Call **Alternatives Medical Clinic (AMC)** and a Hannah's Closet representative will explain the Hannah's Closet Program to you and set up an appointment for you to enroll and begin!
